## **PRESIDENT DECLARES A MAJOR DISASTER FOR ALABAMA**

WASHINGTON -- The U.S. Department of Homeland Security's Federal Emergency Management Agency (FEMA) announced that federal disaster aid has been made available to Alabama to supplement the state and local recovery efforts in the area struck by severe storms, tornadoes, straight-line winds, and flooding beginning on April 15, 2011, and continuing.

The President's action makes federal funding available to affected individuals in Cullman, DeKalb, Franklin, Jefferson, Lawrence, Marshall, Tuscaloosa, and Walker counties. Assistance can include grants for temporary housing and home repairs, low-cost loans to cover uninsured property losses, and other programs to help individuals and business owners recover from the effects of the disaster.

Federal funding also is available to state and eligible local governments and certain private nonprofit organizations on a cost-sharing basis in all 67 counties in the State for debris removal and emergency protective measures, including direct Federal assistance.

Federal funding is also available on a cost-sharing basis for hazard mitigation measures statewide.

Joe M. Girot has been named as the Federal Coordinating Officer for federal recovery operations in the affected area. Girot said that damage surveys are continuing in other areas, and more counties and additional forms of assistance may be designated after the assessments are fully completed in the affected areas.

Individuals and business owners who sustained losses in the designated county can begin applying for assistance today by registering online at <http://www.disasterassistance.gov>, by web enabled mobile device at [m.fema.gov](http://m.fema.gov) or by calling 1-800-621-FEMA(3362) or 1-800-462-7585 (TTY) for the hearing and speech impaired. The toll-free telephone numbers will operate from 7 a.m. to 10 p.m. (local time) seven days a week until further notice.
