INCIDENT UPDATE REPORT #1

HAZARDOUS WEATHER OUTLOOK

The impacts from extreme cold temperatures and mainly light snowfall will affect the entire state overnight tonight, through tomorrow, and into Thursday. Snowfall will continue to fall tonight across Central Alabama and move southeastward. Temperatures overnight will fall into the single digits in the TN valley to the teens across South Alabama. Wind Chill temperatures will range from -10 in the north to the low teens south. On Wednesday, high temperatures will remain below freezing along and north of US 80/I-85, and in the low to mid 30s over South Alabama. Low temperatures Wednesday night will be in the teens statewide. Temperatures are expected to warm above freezing statewide by noon Thursday.

STATE ACTIONS

ALDOT, ALEA, and ALNG: Have formed (7) Mobility Support Teams (MST) to provide emergency traffic clearance, assist stranded motorists, and conduct presence patrols. Teams are positioned in Division E, F & G.
211: Call volume is manageable, mainly calls regarding warming stations, most centers around the state are working remotely.
ALVOAD: Salvation Army's homeless shelters are open for the HOMELESS population in Anniston, Birmingham, Decatur, Dothan, Florence, Gadsden, Huntsville, Mobile, Montgomery and Tuscaloosa.
